Spring 2020

Handmade Cloth Pads

As society becomes increasingly aware of its impact on mother earth, more and more people are looking for solutions to reduce their personal contribution to the waste we create. Washable cloth pads are a simple yet effective swap which provide a greater comfort and value for money to the user.

All cloth pads are made to order according to your specifications. In order to do this I will need to know:

- The length and absorbencies you require
- The topper fabrics you would like
- Your preferred pad shape
- Your preferred backing fabrics.

Further information about these choices can be found below.

Length and Absorbency

I make pads ranging from 7" - 18" long in absorbencies that are relative to their disposable counterparts. I am happy to make these to whichever lengths you desire, but as a starting point I find that these are the most popular combinations:

- Ultra slim liners (for daily use) in 8"/9"
- Light pads in 8"/9"/10"
- Regular pads in 9"/10"/12"
- Heavy pads in 10"/12"
- Night time pads in 12"/14"

Pad Shape

There are three standard pad shapes that I make.

The **overlocked** shape makes a beautifully thin pad. The overlocked pad shape is also considerably faster to make, so if a fast turn around is a top priority for you, then this would be the perfect option.

The **curvy** pad is a lovely symmetrical shape, providing a great coverage to both the back and front. The larger sizes have a good flare, making it a superb option for heavier periods.

The **LaLuna** shape is a work of art – wonderfully decorative yet robust. Due to its more intricate nature it is the most time intensive to make. It is only available in 8"/10"/12"

LaLuna can be seen on later pages

Overlocked pads in 10 and 12 inch length

Topper Fabric Choices

I generally keep a small variety of fabrics on hand in wholesale quantities for immediate use, though these fabrics frequently change. For an up to date list of what I have please visit Auntirmas.co.uk/wholesale. This is of course subject to change but I endeavour to update the webpage as soon as the fabrics have gone out of stock / have been restocked.

Don't see what you like in stock? For any orders of 20+ pads (per design) I am happy to have any of the **following** fabric designs printed for you:

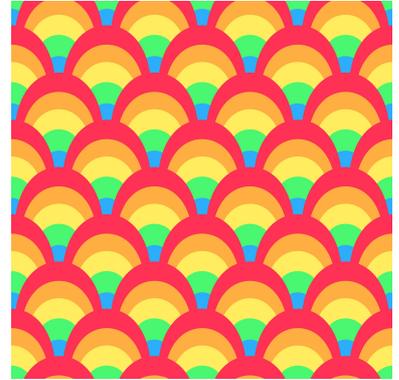

Please note: this service comes at no extra cost, but requires payment up front and may take an extra 4-6 weeks on top of lead time.

Purple Doodle

Dolphins

Rainbow Scales

Navy and Gold Boho

Art Deco Flowers

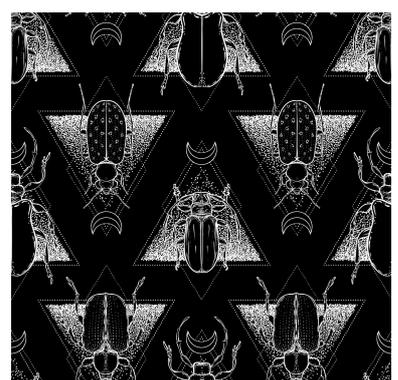

Galactic Narwhals

Mermaid Hair

Porcelain and Ink Tree

Dotwork Beetles

Summer Breeze

Space Whales

Psychedelic Toadstools

Twilight Rainforest

Koi on Charcoal

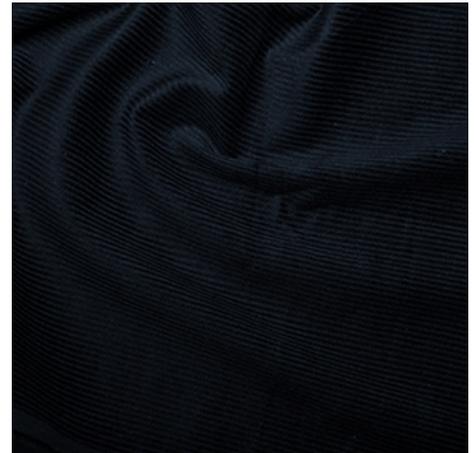

Waterlilies

Backing Fabrics

Quite simply, the backing fabric is the fabric on the back of the pad which sits against your knickers. Cheap imported pads tend to have slippery fabrics backing them which means that the pads move around a lot during use. All Aunt Irma's pads are backed with quality, non-slip fabrics which eliminates this issue.

Ultra slim liners are backed exclusively with **cotton corduroy**.

This makes them super thin, breathable and suitable for every day use. They are unsuitable for period use as they do not have a water resistant layer.

Cotton corduroy backer

All other pads may be backed with either **polar fleece** or **cotton corduroy with a hidden polyurethane layer**.

Polar fleece is a very breathable backer. It is water resistant and produces a more cushioned pad. The only circumstances when polar fleece will leak is if the pad is fully saturated (long past the point of needing changing!)

Cotton corduroy with a hidden polyurethane layer is a very reliable backer. It is more water resistant than polar fleece and makes a much thinner pad. It is a better choice, environmentally as it sheds fewer microfibrils when washing. It does however make a slightly less breathable pad.

Other Products

Facial Rounds

Facial rounds are the perfect make up removal / cleansing and toning solution. Use in place of cotton wool rounds with your favourite products, then toss in a washing machine with your clothes. They are best washed inside a delicates bag as this will prevent them slipping inside a jumper and getting lost!

They are usually backed with cotton terry which has wonderful exfoliating properties. The toppers come from the offcuts of fabric from my beautiful cloth pads. This ensures that no usable fabric goes to waste, making a truly eco-friendly product.

Facial rounds are sold in packs of 5 which can either be count with hemp twine or they can come in a small cotton pouch.

Facial Rounds displayed with a moisturiser.

Nursing Pads

We also sell absorbent and water resistant nursing pads to prevent breast milk from leaking on to your clothes when breastfeeding infants.

These are available in the standard or super absorbency and can have either backer - the polar fleece or cotton corduroy with a hidden polyurethane layer.

These come in the same wonderful fabrics as our cloth pads and come in a pair.

Regular absorbency nursing pads with a minky topper

Super absorbency nursing pads

Prices & Terms and Conditions

Prices

Wholesale orders of 30 units or more (across the whole product range) qualify for a discount of 30% off retail prices. The following prices have had this discount applied for ease of calculation. All wholesale orders from the United Kingdom include free delivery. For worldwide orders please contact me for rates.

All prices are in GBP. We are not VAT registered.

Cloth Pads

	Liner	Light	Regular	Heavy	Night
8"	4.03	4.20	5.43		
9"	4.20	4.38	5.60	5.95	
10"	4.38	4.55	5.78	6.13	6.48
12"	4.55	4.73	5.95	6.30	6.65
14"			7.00	7.70	8.40
16"				8.40	9.80
18"					11.20

Facial Rounds

£3.15

Nursing Pads

£3.50 Regular, £3.85 Super

Further Information

Wholesale orders come with **brown paper labels** as standard. This is included in the price. If you would rather that your products come with no labels please let me know.

We welcome you to try the products before you place a wholesale order.

It often helps to get a feel for the product and to finalise choices of shapes / absorbency. We are delighted to offer **samples** at the same **wholesale discount rate**. If you would like to do this, please e-mail with your specifications and I would gladly oblige.

We gladly accept large wholesale orders of up to 200 items. If your order is on the larger scale please contact me as we may need to discuss your fabric requirements before finalising details.

I am a HMRC registered and insured maker. I am a member of the Vegan Traders Union.

Wholesale Facial Rounds

Wholesale Cloth Pads

Terms and Conditions

All orders are to be e-mailed to auntirmas@hotmail.com. You will receive either a website or paypal invoice. This must be paid within 7 days of receipt. If requesting the printing of fabric for your order, payment is required immediately on receipt. Fabric will not be ordered until payment is received. Late payment may significantly delay the manufacturing process.

Wholesale orders of 30-50 pads will generally be completed in 4-6 weeks from the acceptance of the order. A more exact timescale will be given at the time of ordering. Larger orders will of course be subject to a longer lead time.

In the rare eventuality that your order may be delayed I will notify you immediately and you will be advised as to the expected timeline.

All cloth pads, racial rounds and nursing pads are hand made. As a result there may be very slight variations in print placement, stitching, shape etc. This is an unavoidable character of handmade items and should never impact on the quality of the items.

All sales are final, due to the nature of the products refunds due to change of heart cannot be accepted.

If there are any problems with purchased pads that are not due to user error (i.e. poppers coming off) I am always very happy to repair these.

Washing instructions must be followed to ensure the lifetime of the product is maximised. Comprehensive instructions can be found at auntirmas.co.uk/FAQ. A summary will be printed on the brown paper tags attached to the wholesale pads.
